

99% Muscle Growth Peptide TB500 Powder Thymosin Beta 4 5mg/vial

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-TB500
- Minimum Order Quantity: 1 BOX
- Price: Negotiable
- Packaging Details: 5mg/vial, 10vials/box
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 4000kg/Month

Product Specification

- Name: Muscle Growth Thymosin Beta 4 99% TB 500 5mg/vial CAS: 77591-33-4
- Outlook: White Powder
- Specification: 5mg/vial, 10vials/box
- Purity: >99%
- CAS: 77591-33-4
- Grade: Medicine Grade
- MW: 4963.49
- MF: C212h350n56o78S
- Highlight: **CAS 77591-33-4 TB 500 Peptides, 99% TB 500 Peptides, 5mg/vial Thymosin Beta 4 Muscle Growth**

Product Description

What is Muscle Growth Thymosin Beta 4 99% TB 500 5mg/vial?

Basic Information form:

Product Name	Muscle Growth Thymosin Beta 4 99% TB 500 5mg/vial CAS: 77591-33-4
Cas No.	77591-33-4
Assay	99%
Appearance	White powder
MF	C212h350n56o78s
Molecular Weight	4963.49
Attention Terms	Store at -20°C

Brief Introduction:

Thymosin Beta-4 is a protein which consists of 43 amino acids and is encoded by the gene TMSB4X in the human body. It has been studied in numerous clinical trials. Research has shown that if the thymosin beta-4 peptide is used after a heart attack it can reactivate cardiac progenitor cells to repair damaged heart tissue.

It was identified as a gene that was up-regulated four-to-six fold during early blood vessel formation and found to promote the growth of new blood cells from the existing vessels. This peptide is present in wound fluid and when administered subcutaneously, it promotes wound healing, muscle building and speeds up recovery time of muscles fibres and their cells.

TB500 is a synthetic fraction of the protein thymosin beta-4, which is present in virtually all human and animal cells. The main purpose of this peptide is to promote healing. It also promotes creation of new blood and muscle cells. The healing effects of TB500 have been observed in tendons, ligaments, muscle, skin, heart, and the eyes. Thymosin beta-4 is naturally produced in higher concentration where tissue has been damaged. This peptide is also a very potent anti-inflammatory agent.

Product Image:

**Application:**

For horse racing

TB-500 thymosin β -4 is a peptide fragment of a hormone primarily used to treat inflammation caused by various muscle injury or pain.

For medicine

Treat torn or strained muscles, inflammation of tendons and even skin lesions.

Function:

- Endothelial (blood vessels) cell differentiation
- Angiogenesis (growth of new blood cells from pre-existing vessels) in dermal tissues
- Keratinocyte migration
- Collagen deposition
- Decrease inflammation of tissue in joints
- Increase muscle growth with huge increases in endurance and strength noted
- Relaxed muscle spasm and improved muscle tone
- Increase the exchange of substance between cells
- Encourage tissue repair
- Stretch connective tissue and helps maintain flexibility
- Prevent the formations of adhesions and fibrous bands in muscles, tendons and ligaments.

Package and Shipping of Muscle Growth Thymosin Beta 4 99% TB 500 5mg/vial

Package: 5mg/vial, 10vials/box

Shipping: With 3-5days after your payment

FAQ of of Muscle Growth Thymosin Beta 4 99% TB 500 5mg/vial

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is one box.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment .

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer better price fpr you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipient of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines,TNT, FEDEX, EMS, ect.
