

5mg/vial Melanotan 2 Peptides CAS 863094-23-9 for Skin Tanning

Our Product Introduction

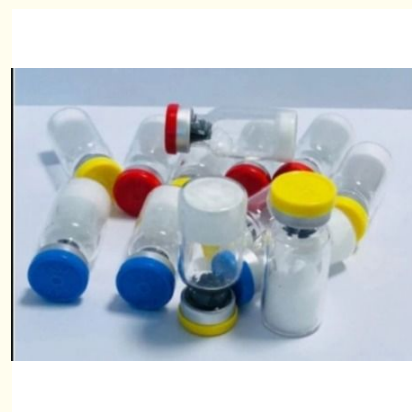

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Melanotan 2
- Minimum Order Quantity: 1 box
- Price: Negotiable
- Packaging Details: 5mg/vial, 10vials/box
- Delivery Time: 3-5 work days after your payment
- Payment Terms: T/T, , Western Union
- Supply Ability: 3000kg/Month

Product Specification

- Name: 5mg/vial Melanotan 2 Peptides CAS 863094-23-9 Skin Tanning
- CAS: 863094-23-9
- Color: White
- Material: Powder
- MW: 341.446
- MF: C15H19NO4S2
- Specification: 5mg/vial, 10vials/box
- MOQ: 1 Box
- Highlight: CAS 863094-23-9 Melanotan 2 Peptides,
CAS 863094-23-9 5mg/vial Melanotan 2 Peptides
,
Skin Tanning CAS 863094-23-9 Melanotan II
peptide

Product Description

What is 5mg/vial Melanotan 2 Peptides CAS 863094-23-9 Skin Tanning?

Basic Information Form:

Product Name	5mg/vial Melanotan 2 Peptides CAS 863094-23-9 Skin Tanning
CAS NO.	863094-23-9
MF	C ₁₅ H ₁₉ NO ₄ S ₂
EINECS NO.	unavailable
Purity	99%
Appearance	White
Place of origin	China
MOQ	1box
Storage	2-8°C

Brief Introduction:

Melanotan 2 (also referred to as Melanotan II) is a synthetically produced variant of a peptide hormone naturally produced in the body that stimulates melanogenesis, a process responsible for pigmentation of the skin. This peptide hormone, called alpha-Melanocyte stimulating hormone or MSH, activates certain melanocortin receptors in the process of exerting its effects. Indeed, MSH also exerts potent influence over lipid metabolism, appetite, and sexual libido via these melanocortin receptors. As a result, Melanotan 2 has been shown in studies to exhibit appetite suppressant, lipolytic, and libido-enhancing effects in addition to promoting skin tanning. Melanotan 2 has been researched extensively for use in protecting against the harmful effects of ultraviolet radiation from sunlight due to its melanogenesis-stimulating properties. Additionally, Melanotan 2 and a similar synthetically produced variant, known as PT-141, have been studied at length as a potential remedy for the treatment of sexual dysfunction; specifically, male erectile dysfunction.

Melanotan 2

Dosages and Usage :

Like every peptide we have discussed thus far, please remember that peptides come in the form of a white delicate powder and should be stored out of light in a cool dry place. All peptides need to be reconstituted with bacteriostatic water or sodium chloride specifically used for injections. In order to use Melanotan II effectively, you need to understand your skin type. To keep things simple, we can go ahead and break skin types into three categories.

A: Skin Type 1: Very fair skin, never tans. Dosages: 50-60mgs or 5-6vials.

B: Skin Type 2: Fair skin, burns but sometimes tans. Dosages: 30-40mgs or 3-4 vials.

C: Skin Type 3: Medium skin, sometimes burns and always tans. Dosages: 20mgs or 2 vials.

Beyond that, if your pigmentation is already naturally olive or darker, you will need to use less Melanotan II for your tanning needs. The tan results coupled with exposure to sunlight and UV rays should last a user all summer or through a season. Daily Dosages vary depending on your needs:

A: For Erectile Dysfunction (ED): average dose is around 0.025 mgs/kg (1kg = 2.2 lbs)

B: For Tanning (skin pigmentation): average dose is 0.025-0.030 mgs/kg (1kg = 2.2 lbs)

Function:

Melanotan II has earned a reputation as a effective way to tan in research subjects. This compound is a research peptide that generates body reactions that lead to a natural sunless tan.

It has an impact on sexual desire. Enhancing libido significantly, both sexes have been surprised by increased desire, better moods and greater energy in research circumstances.

Package and Shipping of 5mg/vial Melanotan 2 Peptides CAS 863094-23-9 Skin Tanning

Package: 5mg/vial, 10vials/box

Shipping: With 3-5 days after your payment

FAQ of 5mg/vial Melanotan 2 Peptides CAS 863094-23-9 Skin Tanning

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is one box.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment.

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer a better price for you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines, TNT, FEDEX, EMS, ect.
