Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-MK 2866
- Minimum Order Quantity: 1KG
- Price: Negotiable
- Packaging Details: Aluminum Bag or 25kg Fibre Drum
- Delivery Time: 3-5 work days after your payment
- Payment Terms: T/T, Western Union,
- Supply Ability: 3000kg/Month

Product Specification

- Product Name: White Raw Sarms Powder MK 2866 For Muscle Building CAS 1202044-20-9
- Other Name: Ostarrin
- Purity: >99%
- CAS: 841205-47-8
- MW: 389.33
- MF: C₁₉H₁₄F₃N₃O₃
- Storage: 2~8 Centigrade
- Shelf Life: 2 Years
- Highlight: **Raw MK 2866 Powder ,
1202044-20-9 MK 2866 Powder ,
Muscle Bodybuilding MK 2866 Sarms**

Product Description

What is White Raw Sarms Powder MK 2866 for Muscle Building CAS 1202044-20-9?

MK-2866 is a great SARM because it binds directly to the androgen receptor, which will increase protein synthesis, much like anabolic steroids. Ostarrin has no adverse side effects, such as estrogen conversion or DHT conversion, which are known to be caused by steroids. MK-2866 is used to prevent and treat muscle waste, and being able to prevent muscle waste means it also has great potential to increase lean weight.

Ostarrin has very limited side effects and can be used to inflate, cut or supplement, making it very friendly to athletes, bodybuilders and fitness enthusiasts compared to other drugs.

Product Name	White Raw Sarms Powder MK 2866 for Muscle Building CAS 1202044-20-9
Appearance	white, powder
Purity	99.5%
CAS No.	841205-47-8
Molecular Formula	C ₁₉ H ₁₄ F ₃ N ₃ O ₃
Molecular Weight	389.33
Package	Aluminum Bag or Fibre Drum

Function :

1. Ostarine is the most anabolic of any SARMS, making its first and foremost use for wanting to gain lean muscle. The gains in total weight will not be comparable to bulking steroids, however the total gains will almost entirely be lean muscle.
2. The gains that are made on ostarine are very keepable and users generally see an increase of up to 7lbs of lean body mass over and 8 week cycle at 25mg day (diet dependent). The most common dosage is 25 mg for 8 weeks. The side effects that one encounters with steroid use will not be present on cycle.

Generally, with ostarine, the higher the dosage, the more suppression. Although suppression is minimal and is nowhere comparable to suppression that one encounters on steroids, any cycle of ostarine over a 4 weeks period requires a 3 week mini pct. A serm is not required in this pct.

Package and Shipping of Ostarine MK 2866 SARMS Raw Powder 1202044-20-9 For Muscle Bodybuilding

1.Package:

Under 25kg: Inner: A PE bag in aluminum foil bag; Outside: carton
