

99.5% Purity White Raw Powder MK 2866 for Fat Burning CAS 841205-47-8

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-MK 2866
- Minimum Order Quantity: 1KG
- Price: Negotiable
- Packaging Details: Aluminum Bag or 25kg Fibre Drum
- Delivery Time: 3-5 work days after your payment
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 3000kg/Month

Product Specification

- Product Name: 99.5% Purity White Raw Powder MK 2866 For Fat Burning CAS 841205-47-8
- Other Name: Ostarrin
- Purity: >99%
- CAS: 841205-47-8
- MW: 389.33
- MF: C₁₉H₁₄F₃N₃O₃
- Storage: 2~8 Centigrade
- Shelf Life: 2 Years
- Highlight: 99.5% Capsule MK 2866 Powder ,
99.5% MK 2866 Powder ,
99.5% CAS 841205-47-8 mk 2866 for females

Product Description

What is 99.5% Purity White Raw Powder MK 2866 for Fat Burning CAS 841205-47-8?

Description:

Ostarine, also known as MK-2866 is a SARM created by GTX to avoid and treat muscle wasting. It can later on be a cure for avoiding atrophy (total wasting away of a body part), cachexia, sarcopenia and Hormone Replacement Therapy. This type of SARM cannot only retain lean body mass but as well as increase it.

it is in class of drugs called SARMS, which stands for selective receptor modulators. Ostarine is selective in that it binds only to bone and muscle receptors, which prevents things like prostate issues or hair loss or any of the other nasty side effects anabolic can result in.

Ostarine is a potent and tissue-selective receptor modulator (SARM) for treatment of conditions such as muscle wasting and osteoporosis. Ostarine (GTX-024, MK-2866, Enobosarm, S-22) is an orally bioavailable nonsteroidal selective receptor modulator.

Therefore, ostarine can be used for treatment of conditions such as muscle wasting and osteoporosis.

Product Name	99.5% Purity White Raw Powder MK 2866 for Fat Burning CAS 841205-47-8
Appearance	white, powder
Purity	99.5% HPLC
CAS No.	841205-47-8
Molecular Formula	C ₁₉ H ₁₄ F ₃ N ₃ O ₃
Molecular Weight	389.33
Package	Aluminum Bag or Fibre Drum

Application

Ostarine is a potent and tissue-selective receptor modulator (SARM) for treatment of conditions such as muscle wasting and osteoporosis. Ostarine (GTx-024, MK-2866, Enobosarm, S-22) is an orally bioavailable nonsteroidal selective receptor modulator. Therefore, ostarine can be used for treatment of conditions such as muscle wasting and osteoporosis.

Ostarine Dosages

One report on Evolutionary.org stated that the best dose of Ostarine is between 25 and 36mg per day. According to that reviewer, that dosage "gave me my biggest gains in muscle and the best muscle pumps over a 4 week period." That reviewer also added that dosages higher than 36mg did not appear to enhance gains any further. Post cycle, you should follow your usual protocol with Clomid, Nolvadex, Aromasin, etc. for at least 2 weeks to ensure total recovery from your Ostarine cycle.

Function

Losing Bodyfat (cutting):

Ostarine would primarily fit into a cutting protocol for the maintenance of muscle mass while reducing calories. One of the most disheartening outcomes of cutting is the loss of hard-earned muscle mass. The drop in metabolic rate and hormone levels (T3, IGF, etc) with the lack of calories is a perfect catabolic environment for loss of muscle tissue. As Ostarine has anabolic effects, the dieter can cut calories without having to worry about muscle or strength loss. Ostarine has also shown noticeable nutrient partitioning effects among users, another reason why it can be of great help when cutting. A 15-20 mg dosing protocol for 6-8 weeks is good for cutting with Ostarine without undergoing any side effects or high suppression.

Package and Shipping of 99.5% Purity White Raw Powder MK 2866 for Fat Burning CAS 841205-47-8

1.Package:

Under 25kg: Inner: A PE bag in aluminum foil bag; Outside: carton

Over 25kg: 25kg/drum inner with double PE bags

2. Shipping

3~5 days after your payment.

FAQ of 99.5% Purity White Raw Powder MK 2866 for Fat Burning CAS 841205-47-8

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is 1kg.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment.

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer better price for you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines, TNT, FEDEX, EMS, ect.
