

Medical White Raw Powder Neomycin Sulphate For Trachoma Treatment

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Neomycin Sulfate
- Minimum Order Quantity: 1KG
- Price: Negotiable
- Packaging Details: Aluminum Bag or 25KG/Fibre Drum
- Delivery Time: 3-5 work days after your payment
- Payment Terms: Western Union, T/T,
- Supply Ability: 4000kg/Month

Product Specification

- Name: Medical White Raw Powder Neomycin Sulphate For Trachoma Treatment
- CAS No: 1405-10-3
- Molecular Weight: 614.644
- Molecular Formula: C₂₃H₄₈N₆O₁₇S
- Outlook: White Powder
- Assay: 99%Min
- Shelf Life: 24 Months
- Storage Temperature: 2~8 Centigrade

Product Description

What is Medical White Raw Powder Neomycin Sulphate for Trachoma Treatment?

Basic Information:

Product Name	Medical White Raw Powder Neomycin Sulphate for Trachoma Treatment
CAS	1405-10-3
Purity	99%min
MF	C ₂₃ H ₄₈ N ₆ O ₁₇ S
MW	614.644
Storage	Keep in a cool, dry, dark location
Deliver Time	Within 24 Hours After Receiving The Payment
MOQ	1KG

Brief Introduction:

Neomycin sulphate is a kind of aminoglycoside antibiotics. This product to staphylococcus aureus (methicillin sensitive strains), corynebacterium genus, e. coli, klebsiella bacteria genera, proteus and enterobacteriaceae bacteria have good antibacterial effect, for each group streptococcus, streptococcus pneumoniae, enterococcus is active.

**Application:**

1. Neomycin Sulphate can also be given orally, where it is usually combined with other antibiotics. Neomycin Sulphate is not absorbed from the gastrointestinal tract and has been used as a preventive measure for hepatic encephalopathy and hypercholesterolemia. By killing bacteria in the intestinal tract, it keeps ammonia levels low and prevents hepatic encephalopathy, especially prior to GI surgery.
2. Neomycin Sulphate has also been used to treat small intestinal bacterial overgrowth. Neomycin Sulphate is not given via injection, as neomycin is extremely nephrotoxic (causes kidney damage), even when compared to other aminoglycosides. The exception is when neomycin is included, in very small quantities, as a preservative in some vaccines - typically 0.025 mg per dose.

Package and Shipping of Medical White Raw Powder Neomycin Sulphate for Trachoma Treatment

Under 25kg: inner: A PE bag in aluminum foil bag; Outside: carton

Over 25kg: inner: Double PE bags; Outside: 25kg/ fibre drum

shipping:

With 3-5 work days after your payment

FAQ of Medical White Raw Powder Neomycin Sulphate For Trachoma Treatment

Q1: Do you Accept Sample Order?
