Product Name	Pharamceutical Grade 99% Melatonin Powder for Improving Sleep
Cas No.	73-31-4
Assay	99%
Appearance	White powder
MF	C ₁₃ H ₁₆ N ₂ O ₂
Molecular Weight	232.278
Attention Terms	Store at 2~8 centigrade

Brief Introduction:

Melatonin is the all-natural nightcap. It's secreted by the pineal gland, a pea-size structure at the center of the brain, as our eyes register the fall of darkness. At night, melatonin is produced to help our bodies regulate our sleep-wake cycles. The amount of melatonin produced by our body seems to lessen as we get older. Scientists believe this may be why young people have less problem sleeping than older people.

Product Image:

Application:

1. To improve people's sleep quality.
2. Melatonin is a kind of important anti-aging hormone.
3. It could help to regulate endocrine, to eliminate dark spots, age spots, chloasma, pregnancy spot the sun radiation caused pigmentation, so as to make the skin white and moist.
