

99% Purity Veterinary Medicine Raw Powder Oxytocin CAS 50-56-6

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Oxytocin
- Minimum Order Quantity: 1 BOX
- Price: Negotiable
- Packaging Details: 2mg/vial, 10vials/box
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 5000kg/Month

Product Specification

- Name: 99% Purity Veterinary Medicine Raw Powder Oxytocin CAS 50-56-6
- Grade: Pharmaceutical Grade
- CAS: 50-56-6
- Assay: HPLC 99%
- Color: White
- Specification: 2mg/vial, 10vials/box
- Storage: 2~8 Centigrade
- Shelf Life: 2 Years
- Highlight: **Pharmaceutical Grade Bodybuilding Peptides, 99% Purity Bodybuilding Peptides, Anti Aging Bodybuilding Peptides**

Product Description

What is 99% Purity Veterinary Medicine Raw Powder Oxytocin CAS 50-56-6?

Basic Information Form:

Product Name	99% Purity Veterinary Medicine Raw Powder Oxytocin CAS 50-56-6
Cas No	50-56-6
Grade	Pharmaceutical Grade
Assay	99%
Melting Point	192-194
Appearance	White powder
Application	Bodybuilding
Shelf Life	2 years
Condition	2~8 centigrade

Brief Introduction:

1, Oxytocin is the principal uterus-contracting and lactation-stimulating hormone of the posterior pituitary gland.

2, Uses: Oxytocin is a nonapeptide hormone primarily synthesized in magnocellular neurons of the paraventricular and supraoptic nuclei of the hypothalamus. It is known best for its role in stimulating uterine contraction and lactation and is important for social memory and attachment, sexual and maternal behavior, and aggression. Also, it has been implicated in various non-social behaviors, including learning, anxiety, feeding, and pain perception.

Product Image:

Application:

For medicine:

For pelvic stenosis, the history of uterine surgery (including cesarean section), hyperactive labor, obstruction of birth canal, placental abruption, and severe pregnancy poisoning.

Uterine bleeding caused by contractions caused by uterine contractions, such as induced labor, oxytocin, postpartum, and miscarriage. A nasal drop may induce a lactation.

For men, it also appears to affect the production of testo-ster-one in the testes.

Function:

1. It acts on the smooth muscle of the uterus and causes the uterus to contract. Applicable to birth and labor pains. The effect was the same as that of oxytocin. For pelvic stenosis, the history of uterine surgery (including cesarean section), hyperactive labor, obstruction of birth canal, placental abruption, and severe pregnancy poisoning.
2. In women, oxytocin is responsible for signaling contractions of the womb during labor. The hormone stimulates the uterine muscles to contract, so labor begins. It also increases the production of prostaglandins, which move labor along and increases the contractions even more.
3. Studies of oxytocin also have found that it is an important chemical messenger that controls some human behaviors and social interaction. It is oxytocin that triggers the bond between a mother and an infant, and it may also play a role in recognition, sexual arousal, trust, and anxiety.
4. Enlarge the production of testo-ster-one in the testes.

Package and Shipping of 99% Purity Veterinary Medicine Raw Powder Oxytocin CAS 50-56-6

Package: 2mg/vial, 10vials/box

Shipping: With 3-5 days after your payment

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is one box.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment .

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer a better price for you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines, TNT, FEDEX, EMS, ect.
