

Bodybuilding Lyophilized Peptide CJC1295 With DAC CAS 863288-34-0

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-CJC 1295 With DAC
- Minimum Order Quantity: 1 box
- Price: Negotiable
- Packaging Details: 2mg/vial, 10vials/box
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 5000kg/Month

Product Specification

- Name: Bodybuilding Lyophilized Peptide CJC1295 With DAC CAS 863288-34-0
- Specification: 2mg/vial, 10vials/box
- CAS: 863288-34-0
- Appearance: White Powder
- Assay: 99%
- MOQ: One Box

Product Description

What is Bodybuilding Lyophilized Peptide CJC1295 With DAC CAS 863288-34-0

Basic Information Form:

Product Name	Bodybuilding Lyophilized Peptide CJC1295 With DAC CAS 863288-34-0
Cas No.	863288-34-0
Assay	99%
Appearance	White powder
Usage	Bodybuilding
Shelf Life	2 years
Condition	Cool Dry Place

Brief Introduction:

CJC-1295 DAC has shown some amazing results as a G H releasing hormone (GHRH) analog. Not only has CJC-1295 shown the ability to increase G H secretion and its benefits, but it has been able to do so in very large amounts. Recent research studies have shown that CJC - 1295 stimulates GH Secretion, and will keep a steady increase of H with no increase in prolactin, leading to intense fat loss, and increases protein synthesis.

Product Pictures:

Application:

It can elevate IG-1 levels

It can further enhance fat burning when integrated into a cutting cycle

It can further enhance muscle growth when integrated into a bulking cycle

It can help to advance joint and even cellular recovery in regards to everything from the skin to vital organs

It may help to positively impact the immune system

Increased protein synthesis

Faster recovery time

Greater ingestion of protein by the body

An increase in bone density

Function:

CJC-1295 is a long-acting G H R H analog and stimulates GH secretion. It will keep a steady increase of H and I-1 with no increase in prolactin. CJC-1295 represents a very exciting new compound that has the potential to increase G H and I secretion and effects, with a built-in safeguard (the feedback effects of I) to limit excessive elevations of GH and I levels. Intense fat loss. Increases protein synthesis for more muscle growth. GHRHKO animals receiving daily doses of CJC-1295 exhibited normal body weight and length. Mice treated every 48 and 72 h reached higher body weight and length than placebo-treated animals, without full growth normalization.

Package and Shipping of Bodybuilding Lyophilized Peptide CJC1295 With DAC CAS 863288-34-0

Package: 5mg/vial, 10vials/box

Shipping: With 3-5 days after your payment

FAQ of Bodybuilding Lyophilized Peptide CJC1295 With DAC CAS 863288-34-0

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is one box.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment.

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer a better price for you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines, TNT, FEDEX, EMS, ect.
