

Pharmaceutical Grade 99% Purity IGF-DES 1-3 Peptide White Powder

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-IGF Des1-3
- Minimum Order Quantity: 1kg
- Price: USD 240/box
- Packaging Details: 1mg/vial, 10vials/box
- Delivery Time: About 3 work days after your payment
- Payment Terms: , T/T, Western Union
- Supply Ability: 5000kg/Month

Product Specification

- Product: Pharmaceutical Grade 99% Purity White Powder Peptide IGF-DES 1-3
- CAS: 946870-92-4
- Purity: 99%
- Outlook: White Powder
- Standard: Medical Grade
- Specification: 1mg/vial, 10vials/box
- Highlight: **IGF-DES 1-3 Body Building Peptides, IGF-DES 1-3 Peptide, Pharmaceutical Grade IGF-DES 1-3**

Product Description

What is Pharmaceutical Grade 99% Purity White Powder Peptide IGF-DES 1-3?

Form:

Product Name	Pharmaceutical Grade 99% Purity White Powder Peptide IGF-DES 1-3
CAS NO.	946870-92-4
MF	C30h49n9o9
Purity	99%
Outlook	White freeze-dried powder
origin	China
MOQ	1box

Discription:

IGF Des1-3 is an important member of insulin-like growth factor, which is highly homologous with insulin-like growth factor. Other members of the system include IGF , 1gf-I receptor (IGFIR), IGF receptor (IGFIIR) and four insulin growth factor binding proteins (IGFBP-1, - 2, - 3, - 4).

Insulin like growth factor-1 (IGF-1) is a single chain basic polypeptide composed of 70 amino acids with a molecular weight of 7649. It comes from many cells in vivo and plays a variety of physiological roles by combining with IGF-1 receptor (IGF-1R) through autocrine, paracrine and endocrine mechanisms.

It is a factor that promotes cell growth and has insulin-like metabolism. IGF-1 is regulated by nutritional status, hormones, genetics and other factors. It plays an Vital role in the pathophysiology of cardiovascular diseases, endocrine and metabolic diseases and tumors.

Picture:

IGF DES 1-3

Function:

IGF-DES 1-3 greatly boosts muscle mass by inducing a state of muscle hyperplasia (increase in number of new muscle cells) in the MUSCLE WHERE ITS INJECTED! So think of it as muscle cell proliferation, or even the splitting of the cell so 1 becomes 2.

IGF-DES 1-3 As you all know is the long acting version of IGF-DES 1-3, Taking its active potential up towards 20 hours, But along with its ability to stimulate the growth of satellite muscle cells and helping them to mature into new muscle fibers it holds the ability to increase the uptake of many supplements we currently use, And it can cause the enhanced recovery of testicle size, and prevent muscle loss even in PCT.

Using this on cycle and during PCT. increased muscle retention and faster recovery. IGF-DES 1-3 will cause even greater elevations in gf and the potential for more muscle growth and fat loss through its unique ability to drain fat cells and supply muscle cells with vital nutrients.

Package and Shipping of Pharmaceutical Grade 99% Purity White Powder Peptide IGF-DES 1-3

Package: 1mg/vial, 10vials/box

Shipping: With 3-5 days after your payment

FAQ of Pharmaceutical Grade 99% Purity White Powder Peptide IGF-DES 1-3

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is one box.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment .

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer better price for you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines, TNT, FEDEX, EMS, ect.
