

Food Grade Nootropic Powder Magnesium L Threonate CAS 778571-57-

6

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Magnesium L-Threonate
- Minimum Order Quantity: 1KG
- Price: Negotiable
- Packaging Details: Aluminum Bag or 25KG/Fibre Drum
- Delivery Time: 3-5 work days after your payment
- Payment Terms: Western Union, T/T,
- Supply Ability: 4000kg/Month

Product Specification

- Name: Food Grade Nootropic Powder Magnesium L-Threonate CAS 778571-57-6
- CAS: 778571-57-6
- Appearance: White Powder
- Purity: 99%
- Shelf Life: 2 YEARS
- Storage: In Cool,dry Place
- MF: $C_8H_{14}MgO_{10}$
- Molecular Weight: 294.49576
- Highlight: Food Grade Magnesium L Threonate, 99% Magnesium L Threonate, $C_8H_{14}MgO_{10}$ White Magnesium L Threonate

Product Description

What is Food Grade Nootropic Powder Magnesium L-Threonate CAS 778571-57-6

Basic Information:

Product Name	Food Grade Nootropic Powder Magnesium L-Threonate CAS 778571-57-6
CAS	778571-57-6
Purity	99%
MF	C ₈ H ₁₄ MgO ₁₀
MW	294.49576
Storage	2-8
Deliver Time	Within 3 Days After Receiving The Payment
MOQ	1KG

Brief Introduction:

Magnesium deficiency afflicts a large percentage of the human population; American women in particular only consume 68% of the recommended amount of magnesium per day. This is a problem because magnesium is a key nutrient for ensuring that the brain operates at maximum capacity.

Thankfully, Magnesium L-Threonate (MgT) is a new form of the basic element magnesium, researchers at MIT discovered that Magnesium L-Threonate is able to maximize the amount of magnesium your brain can absorb. Not only that, researchers noted Magnesium L-Threonate improved both short term and long term memory.

Product Image:

Application:

Magnesium L-Threonate enhances memory and cognitive function.

Magnesium L-Threonate can dietary supplement.

Magnesium L-Threonate can source naturals magtein.

Magnesium L-Threonate for learning and memory.

Function:

The primary benefit of Magnesium L-Threonate is an improvement in memory. It is able to enhance synaptic density and plasticity as well as increase the overall number of neurotransmitter release sites within the brain.

This supplement is also able to improve spatial memory. In one rat study, working memory improved by 13% after 24 days of taking Magnesium L-Threonate. After 30 days of supplementation, aged rats were able to perform at the same level as their younger counterparts.

This means that while this supplement is able to enhance cognitive function in both youthful and aged subjects, it improved more so for the elderly. In fact, aged rats saw an improvement rate of 19%, which is significant when compared to the 13% improvement in younger rats. Given that elderly populations are more likely to be afflicted with memory loss, this supplement carries powerful implications for aging individuals.

Package and Shipping of Food Grade Nootropic Powder Magnesium L-Threonate CAS 778571-57-6

Shipping:

With 3-5 work days after your payment

FAQ of Food Grade Nootropic Powder Magnesium L-Threonate CAS 778571-57-6

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is 1kg.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment .

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer better price for you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines,TNT, FEDEX, EMS, ect.
