MOQ	1KG

Brief Introduction:

Magnesium Taurate, is a composition and reaction of magnesium oxide and taurine. Magnesium is an essential macro-mineral for humans, whereas taurine is an amino acid that is important for both the brain and body. When Magnesium and Taurine are combined to make Magnesium Taurate, the benefits include enhancing cognitive function and protecting against cardiovascular disease, migraines and depression.

Product Image:

Application and Function:

1. The combination of magnesium and taurate can be especially beneficial in preventing cardiovascular problems.
