

176 Lyophilized HGH Fragment Peptide For Bodybuilding CAS 66004-57-7

Our Product Introduction

for more products please visit us on peptide-powder.com

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-HGH Frag
- Minimum Order Quantity: 3 boxes
- Packaging Details: 5mg/vial, 10vials/box
- Delivery Time: 3~5 days, upon receipt of payment
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000 boxes per month

Product Specification

- Product Name: Bulk Sale 176 Lyophilized Peptide Raw Material Bodybuilding Frag 99%
- Specification: 10vials/box; 5mg/vial, 10vials/box; 2mg/vial; 10n 10vials/box;
- CAS No: 66004-57-7
- Molecular Weight: 1815.08152
- Appearance: White Lyophilized Powder
- Molecular Formula: C₇₈H₁₂₃N₂₃O₂₃S₂
- EINECS: N/A
- Storage: 2~8 Centigrade
- Shelf Life: 2 Years, When Proper Storage
- MOQ: 3 Boxes
- Highlight: **176 Lyophilized HGH Fragment Peptide, Bodybuilding Hgh Fragment Peptide, CAS 66004-57-7 Hgh Fragment Peptide**

Product Description

Product Details peptide raw material bodybuilding frag

Product Name	bulk sale 176 lyophilized peptide raw material bodybuilding frag
Appearance	White powder
Specification	2mg/vial, 10vials/box; 5mg/vial, 10vials/box; 10mg/vial, 10vials/Box
Assay	99%min
Test	HPLC
CAS	66004-57-7
MF	C78H123N23O23S2
Storage	2~8 centigrade

What is peptide lyophilized raw material bodybuilding frag

peptide raw material bodybuilding frag is a fat loss peptide derived from the GH molecule, which directly initiates lipolysis and inhibits lipogenesis, but in order to better understand this peptide, peptide raw material bodybuilding frag is imperative to have at least a rudimentary understanding of its parent hormone.

GH is a polypeptide which contains an amino acid sequence that is 191 amino acids in length. peptide raw material bodybuilding frag was developed by isolating and modifying the specific portion of the GH molecule responsible for the hormone's lipolytic and anti-lipogenic effects.

The portion of the molecule responsible for these effects is amino acids 176/191. In every sense, peptide raw material bodybuilding frag should primarily be considered a fat loss peptide which performs these functions through the same pathways as traditional GH, but without exposing the user to the potentially undesirable side effects which may present themselves during GH administration.

Function of lyophilized peptide raw material bodybuilding frag

The stimulates lipolysis and inhibits lipogenesis both en vivo/en vitro.

lyophilized peptide raw material bodybuilding frag has shown no effect on growth or resistance, unlike the full GH molecule. This is the newest, most powerful GH fragment on the market. Studies have shown sustained fat loss, aimed directly at adipose tissue.

lyophilized peptide raw material bodybuilding frag has been shown that the fat-reducing effects of GH appear to be controlled by a small analog region of the C-terminus end of the GH molecule. This region consists of amino acids 176/191, thus the name. HGH Frag176-191 works by mimicking the way natural hGH regulates fat metabolism but without the adverse effects on blood sugar that is seen with unmodified HGH.

Order No.: C367042600/		Time Created: 2020-01-19 17:35
Supplier Service: Very Satisfied (3 new) On-time Shipment: Very Satisfied (3 new)

ABOUT US

Shaanxi Hongbaiyi Biotech Co., Ltd. is a professional manufacturer and supplier of APIs, pharmaceuticals intermediates, cosmetic raw, food and feed additives, veterinary medicine, etc. Our factory equipped with four standardized production workshops and one research & inspection center, covering 18,000 square meters. Thanks to strict QC system, advanced processing technology and strong Research & Development strength, our quality is very reliable.

With full qualification and exporting experience, our products are widely sold to over 40 countries from Europe, America, Southeast Asia, etc. And we get positive reviews from customers for our excellent quality and thoughtful services. Hongbaiyi is aiming to benefiting the world with the best quality and the most competitive price.

WHY CHOOSE US

1

Own Factory

Hongbaiyi has its own factory, which covers 18,000 square meters and is equipped with 4 standardized production workshops.

2

Professional Supplier

Hongbaiyi is a professional supplier of APIs, pharmaceutical intermediates, veterinary medicine, cosmetic raw, nutritional supplements and other natural active ingredients.

3

Quality Assurance

With strict QC system, our product quality is very reliable and stable. Besides, we have strong technical research and development strength.

4

Sales Team

The experienced sales team of Hongbaiyi offers 7*24*365 quality service and the products were exported to over 40 countries around the globe.
