

# 99% Purity Synthetic Peptide Adipotide Powder CAS 62568-57-4 For Losing Weight

## **Basic Information**

Place of Origin: China
Brand Name: Hongbaiyi
Certification: COA, HPLC MR
Model Number: HBY-Adipotide

• Minimum Order Quantity: 1box

• Price: US\$ 50-80/ box

Packaging Details: 2mg/vial, 10vials/box.5mg/vial, 10vials/box.

Delivery Time: 3-5 work days after your payment
 Payment Terms: MoneyGram, Western Union, T/T

• Supply Ability: 4000kg/Month

## **Product Specification**

Name: Adipotide

• Formula: C111H204N36O28S2

Molecular Weight: 2555.22CAS: 62568-57-4Appearance: White Powder

Peptide Purity: >99%Shelf Life: 2 Years

Typical Use: Bodybuilding Weight Loss
 Highlight: Peptide Adipotide Powder,

Synthetic Adipotide Peptide Powder, Losing Weight Peptide Adipotide

## **Product Description**

#### 99% Purity Peptide Adipotide Powder CAS 62568-57-4 for Losing Weight

#### Basic Information Form of Adipotide

Product Name	Adipotide
Chemical Formula	C111H204N36O28S2
Cas No	62568-57-4
Appearance	White powder
Purity	99%
Molecular Weight	2555.22
Shelf Life	2 years
Typical use	Bodybuilding Weight Loss

#### **Brief Introduction of Adipotide**

Adipotide is a synthetic peptide that possesses anti-obesity properties, this peptide particularly targets and destroys specific proteins that constitute the surface of blood vessels that support white fat (adipose) tissue hence interfering with the supply of blood to the fat cells and resulting in their adoptosis (reabsorption and metabolization). Adipotide was initially referred to as Prohibitin-TP01 (Prohibitin-Targeting Peptide 1). It is a peptidomimetic that was synthesized by American scientists as a potential therapeutic drug for obesity and its amino acid sequence is CKGGRAKDC-GG-D(KLAKLAK)2. Adipotide has a molecular formula of C111H204N36O28S2. Peptidomimetics are tiny protein like chains that imitate peptides. It is an experimental drug for weight loss. It was developed in a way that enables it to bind to two receptors, prohibitin and ANXA2 which are found in blood vessels that support white adipose tissue. In rat and monkey based experiments, Adipotide has been shown to bring about rapid weight loss in both mice and rhesus monkeys. In general, Adipotide has been observed to bring about weight loss by reducing fat tissue especially in the abdominal region), rapid metabolic changes, and decreased food intake.

Before

## Function & Usage of Adipotide

Loss of weight No negative impact to appetite Improved insulin resistance Potential use in cancer treatment

## Package and Shipping of Adipotide

Package: 2mg/vial, 10vials/box.5mg/vial, 10vials/box. Shipping: With 3-5 days after your payment

## FAQ of of Adipotide

Q1: Do you Accept Sample Order?
A: Yes. The smallest order we accept is one box.

Q2: How long does it take to me if I order?
A: About 3-5 days upon recepient of payment.

Q3: Do you accept VISA business credit card?
A: Yes. VISA business credit card is in our payment .
