

Hexarelin Human Growth Peptides 2mg / Vial CAS 140703-51-

1

Our Product Introduction

for more products please visit us on peptide-powder.com

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Hexarelin
- Minimum Order Quantity: 5box
- Price: US\$ 35-40/ box
- Packaging Details: 2mg/vial, 10vials/box
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 4000kg/Month

Product Specification

- Product Name: Hexarelin
- Compound: His-2-Me-D-Trp-Ala-Trp-D-Phe-Lys-NH₂
- CAS: 140703-51-1
- Molecular Formula: C₄₇H₅₈N₁₂O₆
- Molecular Weight: 887.0
- Appearance: White Powder
- Peptide Purity: >99%
- Shelf Life: 2 Years
- Highlight: Hexarelin peptide 2mg vial,
Human growth peptide CAS 140703-51-1,
Tirzepatide growth hormone peptide

Product Description

Hexarelin Human Growth Hormone Peptide 2mg/vial CAS 140703-51-1

Brief Introduction of Hexarelin

Hexarelin, also known as Examorelin and Hexarelin Acetate, is a potent, synthetic hexapeptide and a highly selective agonist (initiates a physiological response when combined with a receptor) of the ghrelin/growth hormone secretagogue receptor and a growth hormone secretagogue.

Hexarelin is used to stimulate natural growth hormone production, promoting lean muscle growth, rapid fat loss, increased tendon and ligament strength, enhanced flexibility, and better recovery from injuries and training sessions.

By increasing natural growth hormone levels, Hexarelin also enhances production of Insulin-like Growth Factor 1 (IGF-1) in the body. This further drives the growth of lean muscle tissue, improving strength and body composition. Likewise, Hexarelin promotes significant gains in athletic performance, preventing musculoskeletal injury while reducing recovery time between training sessions. In addition, its method of action prevents many of the negative side effects of synthetic hGH administration, including the shutdown of natural growth hormone production.

Growth hormone is made and released by the pituitary gland. Hexarelin functions to enhance the natural growth hormone production by amplifying the natural growth hormone releasing signal. This results in a greater secretion of growth hormone from the pituitary gland. Hexarelin then suppresses a hormone in the body called somatostatin, also known as growth hormone inhibiting hormone. Somatostatin causes the body to reduce its natural growth hormone output. By limiting the action of somatostatin, growth hormone production is escalated, resulting in significantly increased natural growth hormone levels.

Hexarelin can bind to and activate the growth hormone secretagogue receptor in the brain similar to its natural counterpart ghrelin. Hexarelin has been studied to be much more potent and stable than ghrelin.

The outlying distribution of growth hormone secretagogue in the heart and blood vessels suggests that Hexarelin may have direct cardiovascular actions beyond growth hormone release and neuroendocrine effects.

Basic Information Form of Hexarelin

Product Name	Hexarelin
Chemical Formula	C ₄₇ H ₅₈ N ₁₂ O ₆
Cas No	140703-51-1
Appearance	White lyophilized Powder
Purity	99%
Molecular Weight	887.0
Shelf Life	2 years
Synonyms	Hexarelin Acetate, Examorelin

Product Image of Hexarelin

Benefits Of Hexarelin

Increase growth of lean muscle
 Acceleration of weight loss/ fat loss
 Increase of tendon and ligament strength
 Enhancement of flexibility and joint health
 Promotion of quicker recovery from injuries and training
 Resistance to musculoskeletal injury
 Improvement of sleep quality
 Enhancement of athletic performance and physical capacity

Package and Shipping of Hexarelin

Package: 2mg/vial, 10vials/box

Shipping: With 3-5 days after your payment

FAQ of Hexarelin

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is one box.

Q2: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q3: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment .

Q4: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer better price for you.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines,TNT, FEDEX, EMS, ect.
