

White Powder Human Growth Peptides Epitalon Anti Aging 10Mg

Our Product Introduction

for more products please visit us on peptide-powder.com

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Epitalon
- Minimum Order Quantity: 5box
- Price: US \$ 50-59 / box
- Packaging Details: 10mg/vial, 10vials/box
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 3000kg/Month

Product Specification

- Name: Epitalon Anti Aging
- CAS No.: 307297-39-8
- Alias: Epithalon Epitalone
- Molecular Formula: C14H22N4O9
- Molecular Weight: 390.3
- Appearance: White Powder
- Purity: 99%min
- Specifications: 10mg/vial, 10vials/box
- Highlight: **White Powder Epitalon Anti Aging Peptides, Human Growth Peptides 10mg, Epitalon Anti Aging with Warranty**

WHY CHOOSE US

- 1 Own Factory**
Hongbaiyi has its own factory, which covers 18,000 square meters and is equipped with 4 standardized production workshops.
- 2 Professional Supplier**
Hongbaiyi is a professional supplier of APIs, pharmaceutical intermediates, veterinary medicine, cosmetic raw, nutritional supplements and other natural active ingredients.
- 3 Quality Assurance**
With strict QC system, our product quality is very reliable and stable. Besides, we have strong technical research and development strength.
- 4 Sales Team**
The experienced sales team of Hongbaiyi offers 24*365 quality service and the products were exported to over 40 countries around the globe.

Product Description

White Powder Human Growth Hormone Peptide Epitalon anti aging 10Mg

Basic Information Form of Epitalon Anti Aging

Peptide Name	Epitalon Anti Aging
CAS NO.	307297-39-8
Appearance	White Powder
MW	390.35
Molecular Formula	C ₁₄ H ₂₂ N ₄ O ₉
Purity	99%min
Specifications	10mg/vial, 10vials/box
Stability	2 years

What Is Epitalon Anti Aging

Epitalon is a powerful, safe and effective tetrapeptide that helps the body produce telomerase that protectors the body's cells.

Epitalon (also known as Epithalon or Epithalone) is the synthetic version of the polypeptide Epithalamin which is naturally produced in the pineal gland.

Epitalon has an important role, especially after 40 years, against aging not only by its action on the brain and pineal gland but also by increasing telomere length through its action as a telomerase activator.

How Does Epitalon Work

Epitalon's primary role is to increase the natural production of telomerase, a natural enzyme that helps cells reproduce telomeres, which are the protective parts of our DNA. This allows the replication of our DNA so the body can grow new cells and rejuvenate old ones. Younger people produce a relatively large amount of telomerase and longer telomeres.

The longer the telomere strands are, the better cell health and replication they provide. However, as people age, the production of telomerase falls and consequently cell replication and health decline. This is the main reason that people age. It also plays a role in regulating metabolism, increasing the sensitivity of hypothalamus to its natural hormonal influences, normalizing the function of the anterior pituitary and regulating the levels of gonadotropins and melatonin in the body.

The Benefits Of Epitalon Anti Aging

Improved sleep
 Increase in melatonin levels
 Improved stress response
 Improved pancreas function (regulates blood sugar and insulin)
 Increase in lifespan by lengthening telomeres
 Delay in age-related diseases by anti-oxidant effect

Package and Shipping of Epitalon Anti Aging

Package: 10mg/vial, 10vials/box

Shipping: With 3-5 days after your payment

FAQ of Epitalon Anti Aging

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is one box.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment.

Q3: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q4: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer a better price for you.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines, TNT, FEDEX, EMS, ect.
