

99% Purity Testosterone Powder Anabolic Steroid Propionate Powder CAS 57-85-2

Our Product Introduction

for more products please visit us on peptide-powder.com

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Testosterone
- Minimum Order Quantity: 1KG
- Price: Negotiable
- Packaging Details: Aluminum Bag or 25KG/Febr Drum
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 4000kg/Month

Product Specification

- Product: Testosterone Propionate
- MF: C₂₂H₃₂O₃
- MW: 344.49
- Cas No.: 57-85-2
- Purity: 99.0%
- Aspect: White Powder
- Shelf Life: 2 Years
- Highlight: **99% Purity Testosterone Powder ,
99% Purity Anabolic Steroid Propionate Powder

Product Description

99% Purity Testosterone Anabolic Steroid Propionate Powder CAS 57-85-2

Basic Information form Of Testosterone Propionate:

Product Name	Testosterone Propionate
Synonyms	Test PRO; Testosterone propionate; Agovirin;Test prop
Cas No.	57-85-2
Molecular Formula	C ₂₂ H ₃₂ O ₃
Molecular Weight	344.49
Purity	99.0%
Appearance	white powder
Shelf life	2 years

Description Of Testosterone Propionate:

Testosterone Propionate is a steroid hormone from the androgen and is found in mammals and other vertebrates, testosterone Propionate is primarily secreted in the tests of mails and the ovaries of female, although small amount are also secreted by the adrenal glands, testosterone Propionate is the principle male hormone and an anabolic steroid.

Testosterone Propionate plays a key role in the development of male reproductive tissue such as the testis and prostates. In addition, testosterone Propionate is essential for health and well-being as well as the prevention of osteoporosis, testosterone Propionate is conserved through most vertebrates, although fish make a slightly difference from called 11-ketotestosterone.

Testosterone Propionate powder produced by my factory has a good quality and competitive price, wellcome to inquiry me testosterone Propionate powder, I can give you a good guide.

Application Of Testosterone propionate:

Testosterone propionate has been used for studying its effects on pregnant ewes.

Testosterone Propionate is the shortest commonly ester attached to the Testosterone hormone. This means it takes your body the least amount of time to rid itself of the ester and release the parent hormone into the body. Due to its short active life, testosterone propionate typically needs to be injected every other day at a minimum. Anecdotally, testosterone propionate causes the least side effects and the least bloating; These side effects usually subside very quickly when use is ceased.

Androgens direct the development of the male phenotype during embryogenesis and at puberty. An androgen that is secreted by the testis. This hormone is converted to dihydrotestosterone in the target tissues where it regulates several biological functions. Testosterone propionate has been synthetically derived from a plant. This product has extended and faster-acting functions.

Package and Shipping Of Testosterone Propionate:

Under 25kg: inner: A PE bag in aluminum foil bag; Outside: carton

Over 25kg: inner: Double PE bags; Outside: 25kg/ fibre drum

Shipping:

With 3-5 days after your payment
