

Natural Testosterone Anabolic Steroid Testosterone Base Male Hormone Enhance Supplement

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Testosterone
- Minimum Order Quantity: 1KG
- Price: Negotiable
- Packaging Details: Aluminum Bag or 25KG/Febr Drum
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 4000kg/Month

Product Specification

- Product Name: Testosterone Base
- Cas No: 58-22-0
- MW: 288.42
- MF: C19H28O2
- Purity: 99.4%
- Appearance: White Crystalline Powder
- EINECS: 200-370-5
- Shelf Life: 2 Years
- Highlight: **Natural Testosterone Anabolic Steroid,
Male Hormone Enhance Testosterone Anabolic Steroid**

Product Description

Natural Testosterone Anabolic Steroid Testosterone Base Male Hormone Enhance Supplement

Basic Information form Of Testosterone Base:

Name	Testosterone Base
Cas No.	58-22-0
MF	C ₁₉ H ₂₈ O ₂
MW	288.42
Appearance	white crystalline powder
Purity	99.4%
Shelf life	2 years

What Is Testosterone Base?

Testosterone is the undisputed king of steroids mainly because it is safe, elicits rapid mass and strength gains while maintaining libido, a sense of well being and energy.

Testosterone Base, a.k.a T.N.E, is an injectable steroid that contains testosterone with no ester attached to it.

It is pure testosterone and has no ester attached, and thus no ester calculated in the weight.to promote the development of male genitalia and maintain their normal function, for disease-free testosterone replacement therapy, male menopause syndrome, impotence and other diseases Treatment, but also for women of functional uterine.

Testost Base is the most common anabolic hormone that there is and is also considered the most basic. Due to this, bodybuilders often consider it the base steroid to most all cycles.

Application Of Testosterone Base:

Testost Base is both anabolic and androgenic in nature. Users of this steroid will notice a dramatic gain in muscle size and strength, as well as an overall sense of well being and increases libido and sex drive.

1. Medical uses: for none of testosterone replacement therapy, treatment of male climacteric syndrome, impotence.
2. Sports use: to increase the amount of muscle. Some people use it to increase the number of muscles
3. Other uses: biochemical studies about natural male hormone, control male sex organs and development of male secondary sexual character and growth.

Suspensions have tiny particles that are visible with the naked eye. If left on the shelf for a few days many times the particles will sink to the bottom leaving the clear solvents and water on the top. Depending on the manufacturer, particle sizes vary meaning some Suspension preparations can clog a 22 gauge needle. Ultra micronized Suspension can pass through a 25 gauge needle making injections more comfortable. Shake the suspension preparation vigorously before injecting.

Testosterone suspension is the most potent form of testosterone because it does not possess an ester. Esters are calculated into the steroid weight therefore esterified steroids are not a true mg for mg of free hormone. 100mg of suspension is 100mg of free hormone! Enanthate in a solution is only 72mg of free hormone per 100mg. You can see that Suspension is the true king steroid. However because there is no ester many users will inject suspension everyday or even multiple times per day. This is usually reason enough for most people to reject using suspension but it gets worse. Usually suspension is quite painful as well. Combine every day injections with significant pain and most users simply pass on trying suspension at all. Some new science now demonstrates that everyday and even every other day injections are not necessary with Testosterone Suspension.

Package and Shipping Of Testosterone Base :

Under 25kg: inner: A PE bag in aluminum foil bag; Outside: carton

Over 25kg: inner: Double PE bags; Outside: 25kg/ fibre drum

Shipping:

With 3-5 days after your payment

**FAQ Of Testosterone Base:**

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is 1kg.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment.

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer a better price for you.
