

99% Purity Testosterone Anabolic Steroid Testosterone Base Powder For Bodybuilding

Our Product Introduction

for more products please visit us on peptide-powder.com

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Testosterone
- Minimum Order Quantity: 1KG
- Price: Negotiable
- Packaging Details: Aluminum Bag or 25KG/Febr Drum
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 4000kg/Month

Product Specification

- Product Name: Testosterone Base
- Synonyms: Test Base
- Cas No: 58-22-0
- MF: C19H28O2
- MW: 288.42
- Purity: 99%
- Appearance: White Crystalline Powder
- Shelf Life: 2 Years
- Highlight: **99% Purity Testosterone Base Powder, Bodybuilding Testosterone Base Powder**

Product Description

99% Purity Testosterone Anabolic Steroid Testosterone Base Powder For Bodybuilding

Basic Information form Of Testosterone Base:

Name	Testosterone Base
Cas No.	58-22-0
Synonyms	Test Base
MF	C ₁₉ H ₂₈ O ₂
MW	288.42
Appearance	white crystalline powder
Purity	99%
Shelf life	2 years

What Is Testosterone Base?

Testosterone Base is a steroid hormone from the androgen group and is found in humans and other vertebrates. Testosterone Base is similarly a powerful androgen, capable of providing great gains in mass and strength. Anabolic effects include growth of muscle mass and strength, increased bone density and strength, and stimulation of linear growth and bone maturation.

Applications Of Testosterone Base

It supports normal male development such as muscle growth, facial hair, and deep voice. This drug is banned from use in athletes by most athletic organizations.

Testosterone cypionate is a steroid hormone from the androgen and is found in mammals and other vertebrates, testosterone cypionate is primarily secreted in the tests of males and the ovaries of female, although small amount are also secreted by the adrenal glands, testosterone cypionate is the principle male sex hormone and an anabolic steroid.

Testosterone cypionate plays a key role in the development of male reproductive tissue such as the testis and prostates. In addition, testosterone cypionate is essential for health and well-being as well as the prevention of osteoporosis, testosterone cypionate is conserved through most vertebrates, although fish make a slightly difference from called 11-ketotestosterone.

Health Effects Of Testosterone Base

Testosterone is a steroid hormone from the androgen group and is found in humans and other vertebrates. In humans and other mammals, testosterone is secreted primarily by the testicles of males and, to a lesser extent, the ovaries of females. Small amounts are also secreted by the adrenal glands. It is the principal male sex hormone and an anabolic steroid.

In general, androgens promote protein synthesis and growth of those tissues with androgen receptors. Testosterone effects can be classified as virilizing and anabolic, though the distinction is somewhat artificial, as many of the effects can be considered both.

1) Anabolic effects include growth of muscle mass and strength, increased bone density and strength, and stimulation of linear growth and bone maturation.

2) Androgenic effects include maturation of the sex organs, particularly the penis and the formation of the scrotum in the fetus, and after birth (usually at puberty) a deepening of the voice, growth of the beard and axillary hair. Many of these fall into the category of male secondary sex characteristics.

3) Testosterone effects can also be classified by the age of usual occurrence. For postnatal effects in both males and females, these are mostly

dependent on the levels and duration of circulating free testosterone.

Package and Shipping Of Testosterone Base :

Under 25kg: inner: A PE bag in aluminum foil bag; Outside: carton

Over 25kg: inner: Double PE bags; Outside: 25kg/ fibre drum

Shipping:

With 3-5 days after your payment

FAQ Of Testosterone Base:

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is 1kg.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment.

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer a better price for you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines, TNT, FEDEX, EMS, ect.
