Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-HGH Frag176-191
- Minimum Order Quantity: 5box
- Price: US\$ 65-76/ box
- Packaging Details: 5mg/vial, 10vials/box
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 4000kg/Month

Product Specification

- Name: Hgh Frag 176-191
- CAS: 863288-34
- MF: C78H123N23O23S2
- MW: 1817.1
- Assay: 99.6%
- Storage: 2-8
- Appearance: White Powder
- Highlight: **Fragment 176-191 HGH Peptide, Polypeptide Steroids Fragment 176-191, Muscle Building Hormone Peptide**

Product Description

Polypeptide Steroids Hormone Peptide Fragment 176-191 2mg for Muscle Building

Basic Information Form Of Hgh Frag 176-191

Product Name	hgh frag 176-191
Cas No.	863288-34
Assay	99%
Appearance	White powder
MF	C78H123N23O23S2
MW	1817.1
Shelf Life	2 years
Storage	2-8

What Is Hgh Frag 176-191

The HGH Fragment is a modified form of amino acids 176-191 at the C-terminal region of the human growth hormone (HGH). Studies have shown that it works by mimicking the way natural HGH regulates fat metabolism but without the adverse effects on insulin sensitivity (blood sugar) or cell proliferation (muscle growth) that is seen with unmodified HGH. Like unmodified GH, the HGH fragment 176-191 stimulates lipolysis (breaking down of fat) and inhibits lipogenesis (the formation of fatty acids and other lipids in the body).

HGH fragment 176-191 is meant to be 12.5 times stronger than human growth hormone (HGH) for weight loss than standard human growth hormone (HGH).

Of particular note is that in studies HGH fragment 176-191 had the ability to increase IGF-1 levels which translates into the fragments ability to give anti-aging effects.

How much Human Growth Hormone (HGH) Fragment 176-191 should be used?

In most studies favorable results have been shown with dosages between 400-600mcg or 4-6mcg/kg split into multiple dosages per day.

It has been shown that the fat-reducing effects of GH appear to be controlled by a small analog region of the C-terminus end of the GH molecule. This region consists of amino acids 176-191, thus the name. This peptide fragment works by mimicking the way natural hGH regulates fat metabolism but without the adverse effects on blood sugar or growth that is seen with unmodified hGH.

Like unmodified GH, the hGH fragment 176-191 stimulates lipolysis and inhibits lipogenesis both en vivo/en vitro. Fragment 176-191 has shown no effect on growth or insulin resistance, unlike the full hGH molecule. This is the newest, most powerful hGH fragment on the market. Studies have shown sustained fatloss, aimed directly at adipose tissue.

FRAG (176-191) in Action

As a part of a peptide regiment, bodybuilders should seriously consider adding Frag into their protocols. It has an incredibly ability to regulate fat metabolism without the adverse side effects on insulin sensitivity. By isolating the tail end of the GH molecule, scientist have found that Frag 176-191 works even better than to stimulate lipolysis (breaking down of fat). In fact, it actually inhibits lipogenesis; meaning, it stops formation of fatty acids and other lipids.

Also, unlike other fat burning compounds out there, users will not experience hunger suppressing qualities or the jittery feelings that can be associated with ephedrine like compounds (think clenbuterol).

Since it does not compete for receptors, multiple studies have shown that Frag 176 191 will not cause hyperglycemia. In addition, it will promote lean body mass, protein synthesis, increase bone mineral density, and better sleep.

Package and Shipping of Hgh Frag 176-191

Package: 5mg/vial, 10vials/box

Shipping: With 3-5 days after your payment

FAQ of hgh frag 176-191

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is one box.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment .

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer better price for you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines, TNT, FEDEX, EMS, ect.
