

Growth Hormone Peptide GHRP 6 For Bodybuilding 5ml/Vial 87616-84-0

Our Product Introduction

for more products please visit us on peptide-powder.com

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-GHRP 6
- Minimum Order Quantity: 5 boxes
- Packaging Details: 5mg/vial, 10vials/box; 10mg/vial, 10vials/box
- Delivery Time: About 3 work days after your payment
- Payment Terms: , T/T, Western Union
- Supply Ability: 5000kg/Month

Product Specification

- Product: GHRP 6
- Molecular Formula: C46H56N12O6
- Molecular Weight: 873.01
- CAS: 87616-84-0
- Purity: 99.5%
- Appearance: White Lyophilized Powder
- Storage: Store At -20°C. The Product Is Hygroscopic And Must Be Protected From Light.

Product Description

Growth Hormone Peptide GHRP 6 For Bodybuilding 5ml/Vial 87616-84-0

Information Form of ghrp 6

Product Name	GHRP 6
CAS NO.	CAS 87616-84-0
Molecular Formula	C78H123N23O23S2
Purity	99.6%
Appearance	white lyophilized powder
origin	China
Molecular weight	873.01

Description Of GHRP 6

GHRP-6 (His-D-Trp-Ala-Trp-D-Phe-Lys-NH₂) is composed of both natural and isomeric forms of those 6 amino acids. This sequence provides a signal to the body to begin secreting Growth release while also blocking Somatostatin, a hormone that inhibits the release of Growth .

GHRP-6, also known as Releasing Hexapeptide, is a peptide hormone of the hormone class. As is with all related peptides, GHRP-6 is widely used to increase the amount of natural GH production in the body. And the increases in GH can be beneficial to anabolism, fat loss, recovery and general well being as well as serve possible anti-aging purposes.

GHRP-6 is a potent stimulator of natural Growth release. GHRP-6 is a Hexa-peptide that promotes food intake by stimulating hunger and helps increase energy metabolism. Growth Hormon Releasing Peptides, similar to GHRP-6, are most commonly used for treatment of Growth (GH) deficiencies, eating disorders, obesity, etc. Research has shown that use of these HGH Peptides increases lean muscle mass, strength, stamina and decreases body fat.

GHRP-6 is known for being a big appetite stimulator, but it is not the strongest GH releasing peptide in the GHRP family. There are other members of the GHRP family we should briefly look at. This list is in order from strongest to weakest.

Application of ghrp 6

GHRP-6 is a water based injectable that you will have to mix with bac water, and store. Remember, it is important to store GHRP-6 correctly after mixing it - in the fridge. It should be good for up to 3-4 weeks, so only mix what you plan on using during that time frame.

After you carefully mix it, this compound is typically injected subcutaneously with a slin pin. For best results, it must be taken daily, and users will typically do several injections per day in order to space it out. Interestingly, GHRP-6 works best if you take it when blood sugar levels are low, and you should not eat anything for an hour after using it.

If used solo, users will run 100-400 micrograms (mcg) per injection, and if stacked with another GH hormone, dosages can be cut in half.

Benefit of ghrp 6

Increases lean muscle mass development
Decreases body fat
Enhances strength and stamina
Improves appetite

Effects of Peptide GHRP-6:

Much research has been conducted on GHRP-6 and there have been a plethora of positive results. These studies have concluded that using HGH peptides, like this one, can increase lean muscle mass growth, enhance strength and stamina, and decrease body fat. GHRP-6 causes an increased appetite because it catalyzes ghrelin secretion in the stomach. While ghrelin is naturally produced by the body, GHRP-6 increases production and encourages the liver to create IGF-1.

Package and Shipping of ghrp 6

Package: 5mg/vial, 10vials/box

Shipping: With 3-5 days after your payment

FAQ of ghrp 6

Q1: Do you Accept Sample Order?

A: Yes. The smallest order we accept is one box.

Q2: Do you accept VISA business credit card?

A: Yes. VISA business credit card is in our payment.

Q3: Is there any discount?

A: Yes, if you want to purchase larger quantity, we can offer a better price for you.

Q4: How long does it take to me if I order?

A: About 3-5 days upon receipt of payment.

Q5: What kind of transportation do you have?

A: We have many ways of transportations, eg: Air, Sea, Special Lines, TNT, FEDEX, EMS, ect.
