

99% Purity Thymosin Beta 4 TB 500 Peptide 2 Mg CAS 77591-33-4 For Hair Growth

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-TB 500
- Minimum Order Quantity: 5 boxes
- Price: negotiable
- Packaging Details: 2mg/vial, 10vials/Box
- Delivery Time: 3~5 days, upon receipt of payment
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 5000 boxes per month

Product Specification

- Product Property: 99% Purity Thymosin Beta 4 TB 500 Peptide
2 Mg CAS 77591-33-4 For Hair GrowthS
77591-33-4 For Hair Growth
- MF No.: C212H350N56O78S
- CAS: 77591-33-4
- MW: 4963.44
- Purity: 99%
- Storage: Cool Dry Place
- Shelf Life: 2 Years
- Grade: Medicine Grade
- Test Method: HPLC
- Highlight: **TB 500 Peptide Raw Powder ,
2mg TB 500 Peptide ,
77591-33-4 Thymosin Beta 4**

Product Description

99% Purity Thymosin Beta 4 TB 500 Peptide 2 Mg CAS 77591-33-4 For Hair Growth

TB 500 is the synthetic part of the protein thymosin beta-4, which is present in almost all human and animal cells. The main purpose of this peptide is to promote healing. It also promotes the production of new blood and muscle cells. the healing effect of T-B500 has been observed in tendons, ligaments, muscles, skin, heart and eyes. Thymosin beta-4 is produced naturally in higher concentrations in areas of damaged tissue. This peptide is also a very potent anti-inflammatory agent. t-B500 differs from other repair factors because it promotes endothelial cell and keratinocyte migration. It also does not bind to the extracellular matrix and has a very low molecular weight. Because of this, it can move long distances in the tissues of the body.

Function of Thymosin Tb 500:

The peptide of T-B500 Thymosin Beta 4 has a purity of over 99.0% as determined by HPLC and MS. This peptide is synthesized without any additives and is supplied as a white lyophilized (freeze-dried) powder. T-B500 is a peptide fragment hormone used primarily for the treatment of various muscle injuries or pain caused by inflammation. There is little official human data on this product; however, it is a hormone that has long been used in horse racing. T-B500, although synthetic, functions as a synthetic form (loose) of thymosin beta-4 (TB-4). T-B500 is not TB-4; although often confused with TB-4, it is intended to provide the benefits of a naturally occurring thymic hormone.

Benefits of TB 500

TB 500 has other benefits as well. It can increase hair growth and even improve your stamina. Some people like to use TB 500 for these reasons alone.

Others find that TB 500 is beneficial to them when they are injured. It has healing properties that reduce inflammation, which reduces pain. Many people have chronic inflammation due to illness and seek a healthy treatment option.

Some people notice that they get more strength when using TB 500 because it increases muscle growth. As we age, we lose muscle. This means we become weaker, so by using TB 500, it is a natural way to stay strong.

TB 500 can also be used to treat blood clots and reduce the effects of Lyme disease. Some people have seen improvements in autoimmune diseases that have not responded to other treatments.

Product Details of Tb 500 Peptide :

Product	99% Purity Thymosin Beta 4 TB 500 Peptide CAS 77591-33-4 For Hair Growth
Appearance	White powder
CAS	77591-33-4
Test Methods	HPLC
Grade Standard	Medicine Grade
Synonyms	Thymosin Beta 4
Specification	2mg/vial, 10vials/Box

Feedback of Thymosin Tb 500:

订单编号: 21124503001021012 Time Created: 2019-11-11 18:25

Supplier: Shaanxi, China
供应商名称: 非常满意 (5 stars) 按时发货: 非常满意 (5 stars)

Factory wholesale 99% tb500 tb 500 peptide
★★★★★
Catherine Wang, is the best. She is polite, always responds quickly and product is good quality.

Factory wholesale 99% Peptides tb 500 tb500 ...
★★★★★
Products very good!
