

171599-83-0 Male Enhancement Steroids Sildenafil Citrate 200mg Sexual Dysfunction

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Sildenafil
- Minimum Order Quantity: 1KG
- Price: Negotiable
- Packaging Details: Aluminum Bag or 25KG/Febr Drum
- Delivery Time: 3-5 work days after your payment
- Payment Terms: , Western Union, T/T
- Supply Ability: 4000kg/Month

Product Specification

- Product Name: Sildenafil Citrate 200mg
- Cas No: 171599-83-0
- Synonyms: Sildenafil Citrate Sildenafil
- Appearance: White Crystals Powder
- Molecular Weight: 666.7
- Molecular Formula: $C_{28}H_{38}N_6O_{11}S$
- Purity: 99%
- Shelf Life: 2 Years
- Highlight: Sexual Dysfunction Steroids Sildenafil Citrate, 171599-83-0 Steroids Sildenafil Citrate, 200mg Sexual Enhancement Powder

Name	Sildenafil Citrate 200mg
Cas No.	171599-83-0
Synonyms	Sildenafil Citrate,Sildenafil
Molecular formula	C ₂₈ H ₃₈ N ₆ O ₁₁ S
Molecular weight	666.7
Appearance	white crystals powder
Purity	99%
Shelf life	2 years

What Is Sildenafil Citrate 200mg?

Sildenafil citrate is a raw material of , a treatment of erectile dysfunction by virtue of relaxing muscle, increasing blood flow to specific areas of the body (especially the penis). The effect lasted for up to four hours. 's most common side effects are headaches, facial flushing, stomach discomfort. Few, blurred vision or sensitivity to light may occur briefly.

In addition to the treatment of sun ence, sildenafil citrate can also be effective in the treatment of pulmonary hypertension (PAH). Similar to how it relaxes the muscles of the penis, it relaxes the arterial wall; therefore, reduces arterial resistance and stress.

Sildenafil citrate only relieves the muscles in PDE-5 and increases blood flow to the heart, lungs and penis, but does not increase blood vessels in other parts of the body

How to use sildenafil citrate 200mg?

According to the doctor's instructions, use sildenafil citrate. Check whether the label on the drug has an accurate dose description.

Sildenafil is usually injected at your doctor's office, hospital or clinic. If you use sildenafil at home, health care workers will teach you how to use it. Make sure you know how to use sildenafil. According to the procedure used when using the dose. If you have any questions, please contact your health care provider.

Do not use sildenafil if it contains particles, turbidity or discoloration, or if the vials are damaged or damaged.

Frequent use of sildenafil can benefit most from it. Use it at the same time every day.

Even if you feel good, continue to use sildenafil. Do not miss any dose.

Do not stop using sildenafil or suddenly change your dose without talking to your doctor.

Keep products and syringes and needles out of the reach of children, away from pets. Do not reuse needles, syringes, or other materials. Please ask your health care staff how to deal with these substances after use. Comply with all local regulations.

If you miss the dose of sildenafil, please use it as soon as possible. If your next dose is almost time, skip the missed dose and return to the routine dosing regimen. Do not use 2 doses at a time.

Does your health care provider ask questions about how to use sildenafil.
