Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC, MR
- Model Number: HBY-HGH 191aa
- Minimum Order Quantity: 1kg
- Packaging Details: 10iu/vial, 10vials/box
- Delivery Time: About 3 work days after your payment
- Payment Terms: , T/T, Western Union
- Supply Ability: 5000kg/Month

Product Specification

- Product: Hgh 191 Aa
- CAS: CAS 12629-01-5
- Purity: 99%
- Outlook: White Lyophilized Powder
- Standard: Medical Grade
- Specification: 10iu/vial, 10vials/box
- Assay: 99%
- Molecular Formula: C990H1529N263O299S7
- Highlight: HGH 191AA Human Growth Peptides,
HGH 191AA Gh Peptides,
CAS 12629-01-5 HGH 191AA Peptide

Product Description

Bodybuilding HGH 191 AA Gh Peptides Medical Grade CAS 12629-01-5

Infor. Form:

Product Name	hgh 191 aa
CAS NO.	12629-01-5
MF	C990H1529N263O299S7
Purity	99%
Outlook	White powder
origin	China
MOQ	5boxs

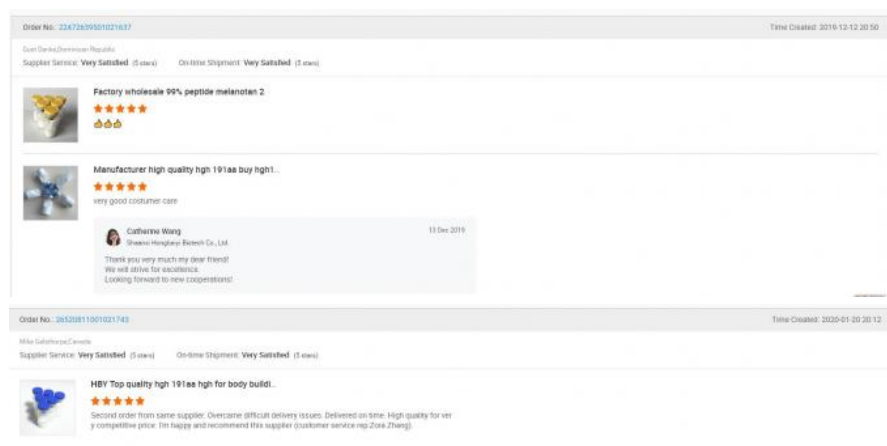

Discription of hgh 191 aa

HGH 191 aa is indeed synthesized and secreted by skin cells in the anterior pituitary gland, which is located at the base of your brain. HGH stimulates a number of metabolic processes in cells. HGH affects the metabolism of protein, fat, carbohydrate and minerals. The main action of HGH is to stimulate the secretion of insulin-like growth factor-I (IGF-I) by the liver. IGF-I stimulates the production of chondrocytes, leads to bone growth, and plays a key role in muscle protein synthesis and organ growth.

Function of hgh 191 aa

HGH 191 aa powder is a great solution for those who want to stay in shape and build muscle and those whose body is not producing enough growth hormone. HGH 191 aa increases the work of the metabolism, thereby reducing excess body fat and helping gain muscle. Its function is to stimulate our body to produce and release muscle growth, rather than directly affecting it. One of the significant benefits of HGH 191 aa powder is that it not only helps reduce fat, but also helps to use it to build strength, many athletes consume it at the same time to prevent injuries during sports as it strengthens connective tissue, tendons and cartilage.

Feedback of hgh 191 aa
