

Vilon Peptide 5/10/15mg Lys-Glu Peptide Lysylglutamic Acid Lysylglutamate Vilon anti-aging peptide

Our Product Introduction

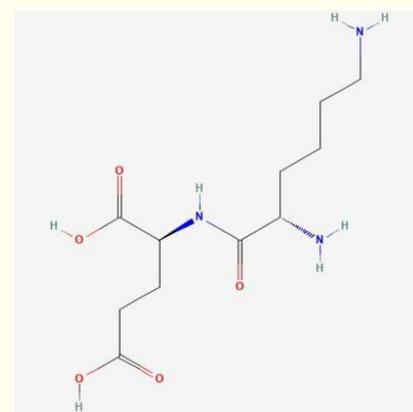

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Vilon
- Minimum Order Quantity: 5 boxes
- Price: Negotiable
- Packaging Details: 5/10/15mg/vial, 10vials/Box
- Delivery Time: 3~5 days, upon receipt of payment
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 5000 boxes per month

Product Specification

- Product Name: Vilon Peptide
- Product Category: Collagen Peptide
- CAS Number: 162758-68-1
- Molecular Formula: C₁₁H₂₁N₃O₅
- Molecular Weight: 275.30 G/mol
- Appearance: White Lyophilized Powder
- Purity: ≥99% (HPLC)
- Sequence: Lys-Glu (KE)
- Source: Synthetic Peptide
- Packaging Specifications: 10mg/vial, 20mg/vial
- Storage Temperature: -20°C (Lyophilized)
- Solubility: Water Soluble
- Shelf Life: 2 Years (Sealed, Frozen)
- Intended Use: Research Use / Immunoregulatory Peptide
- Function: Cell Proliferation Regulation, Anti-Aging,

Product Description

Vilon is a powerful immune modulator and anti-aging biological modulator peptide, with extensive research supporting its benefits.

Vilon is a powerful immune modulator and anti-aging biological modulator peptide, with extensive research supporting its benefits. There is also ample evidence to suggest that Vilon may help prevent/reduce the risk of cancer development and progression. Studies have shown that taking Veyron in early life seems to provide better anti-aging effects. These findings may help open the door to better anti-aging research and assist scientists in better understanding how epigenetic regulation plays an important role in longevity.
