

Testagen (Bioregulator) Testagen Tetrapeptide Ala-Glu-Asp-Gly Peptide Alanylglut amylaspartylglycine AEDG Peptide

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY- Testagen
- Minimum Order Quantity: 5 boxes
- Price: Negotiable
- Packaging Details: 5/10/15mg/vial, 10vials/Box
- Delivery Time: 3~5 days, upon receipt of payment
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 5000 boxes per month

Product Specification

- Product Name: Testagen Peptide
- Product Category: Collagen Peptide
- Molecular Formula: C₁₆H₂₇N₅O₉
- Molecular Weight: 445.42 G/mol
- Appearance: White Lyophilized Powder
- Purity: ≥99% (HPLC/LC-MS)
- Sequence: Ala-Glu-Asp-Gly (AEDG)
- Source: Synthetic Peptide
- Packaging Specifications: 10mg/vial, 20mg/vial
- Highlight: **Testagen bioregulator peptide,
Collagen peptide tetrapeptide,
AEDG peptide bioregulator**

Product Description

Testagen is a short biological regulatory peptide that primarily acts on the pituitary gland and ultimately on the thyroid gland. Due to its effect on these two glands, Testagen can normalize the production and thyroid hormones in certain situations. By normalizing the production of thyroid hormones, Testagen has a moderate impact on the immune system. In these cases, Testagen can be conveniently considered as resetting the pituitary gland to a younger state, thereby acting as an anti-aging peptide. Testagen is studying its ability to increase levels, improve thyroid hormone function, and stimulate stem cell differentiation in the immune system to enhance immune function.
