

NAD⁺ Lyophilized Powder | Boost Cellular Energy & Healthy Aging

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: HBY
- Certification: COA, HPLC MR
- Model Number: HBY- NAD⁺
- Minimum Order Quantity: 5 boxes
- Price: Negotiable
- Packaging Details: 5/10/15mg/vial, 10vials/Box
- Delivery Time: 3~5 days, upon receipt of payment
- Payment Terms: T/T, Western Union, etc.
- Supply Ability: 5000 boxes per month

Product Specification

- Product Name: NAD⁺
- Form: Lyophilized Powder (Freeze-Dried Powder)
- Specification / Strength: 500mg / 1000mg Per Vial; 10 Vials One Box
- CAS Number: 53-84-9
- Molecular Formula: C₂₁H₂₇N₇O₁₄P₂
- Molecular Weight: 663.43 G/mol

Product Description

NAD+ Lyophilized Powder | 500mg / 1000mg

High-Purity NAD+ for Research & Formulation Use

Our NAD+ (Nicotinamide Adenine Dinucleotide) Lyophilized Powder is manufactured to deliver exceptional purity and stability, making it a reliable choice for research applications, formulation development, and laboratory use. Each vial is freeze-dried using advanced lyophilization technology to preserve molecular integrity and ensure consistent quality batch after batch.

Freeze-Dried Stability: Lyophilization process enhances shelf stability and preserves molecular structure compared to liquid formulations

Flexible Dosing: Available in 500mg and 1000mg vial specifications to suit various research and formulation needs

Easy Reconstitution: Simply reconstitute with sterile water or bacteriostatic water for immediate use

Quality Assured: Manufactured under strict quality control protocols, with Certificate of Analysis (COA) available for every batch
