

98%+ Purity 10mg X 10vials B7-33 Peptide For Research Use Only

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: HBY
- Certification: COA
- Model Number: HBY-B7-33
- Minimum Order Quantity: 5 boxes
- Price: Negotiable
- Packaging Details: 2mg; 10mg
- Delivery Time: 3-5 work days after your payment
- Payment Terms: T/T
- Supply Ability: 5,000 boxes /month

Product Specification

- Name: B7-33 (10mg)
- Form: Lyophilized Peptide Powder
- Purity: 98%+
- Storage Conditions: Store Sealed Under Controlled Laboratory Conditions And Protect From Heat, Light, And Moisture
- Research Use Only: Not For Human Or Animal Consumption
- Amount: 10mg X 10vials

Product Description

B7-33 (10 mg) is a synthetic peptide intended exclusively for controlled laboratory research, analytical evaluation, and in vitro experiments. It can be used in studies involving relaxin family peptide receptor 1 (RXFP1), receptor-ligand interactions, signal transduction assays, and structure-activity relationships of peptides. This product is not intended for any therapeutic, diagnostic, or clinical application, and is not for any form of intake or use outside the laboratory. All products provided are for laboratory research purposes only.
