Our Product Introduction

Product Description

Crystagen 20mg Lyophilized Powder – 99% Purity, 3mL Vial

Product Overview

Crystagen 20mg Lyophilized Powder is a high-purity peptide product with a stated purity of 99%. Each vial contains 20mg of lyophilized powder and is packaged in a 3mL glass vial.

The lyophilized format provides a dry powder presentation, making it suitable for professional product cataloging, laboratory reference, and research-related inventory management.
