PTD-DBM 5mg – 99% Purity Peptide

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: HBY
- Certification: COA
- Model Number: HBY-PTD-DBM
- Minimum Order Quantity: 5 boxes
- Price: $100
- Packaging Details: 5mg/vial,10vials/box
- Delivery Time: 3-5 work days after your payment
- Payment Terms: T/T
- Supply Ability: 5,000 boxes /month

Product Specification

- Product: PTD-DBM
- CAS Number: 120287-85-6
- Other Names: Protein Transduction Domain-fused Dishevelled Binding Motif
- Purity: 99%
- Form: Lyophilized Powder
- Size: 5mg

Our Product Introduction

Product Description

PTD-DBM 5mg – 99% Purity Peptide

Product Name: PTD-DBM
Product Specification: 5mg
Purity: 99%
Product Type: Synthetic Peptide
Category: Research Peptide / Hair Growth Research

Product Description

PTD-DBM is a synthetic peptide consisting of a Protein Transduction Domain (PTD) fused to a Dishevelled Binding Motif (DBM). It is a specialized peptide designed for research involving cellular signaling pathways and peptide-related biological studies.
PTD-DBM is of interest in research exploring hair follicle biology, hair growth-related signaling mechanisms, and molecular interactions associated with follicle development.
Each vial contains 5mg of PTD-DBM peptide, with a stated purity of 99%. Its defined peptide structure and high-purity specification make it suitable for laboratory research and scientific investigation.

Product Features

Product: PTD-DBM Peptide
Molecular Design: Protein Transduction Domain-fused Dishevelled Binding Motif
Content: 5mg per vial
Purity: 99%
Format: Lyophilized Powder
Category: Synthetic Research Peptide
Research Area: Hair Follicle Biology and Cellular Signaling

Keywords

PTD-DBM, PTD-DBM 5mg, PTD-DBM peptide, PTD-DBM 99% purity, Protein Transduction Domain peptide, Dishevelled Binding Motif peptide, PTD-DBM lyophilized powder, synthetic peptide, high purity peptide, hair growth research peptide, hair follicle research peptide, hair growth peptide research, peptide for hair follicle studies, laboratory research peptide, research-grade peptide, 5mg peptide vial.
